INFLATOR 18V, 11 BAR, 12 L/MIN - BODY ONLY

Overview

Compact compressor powered by the YATO 18 V system battery and 12 V cigarette lighter socket. Five tips (car, narrow bike, ball needle, narrow and wide for mattresses) provide a wide range of applications — on the road, camping, construction site, and field work. Fast inflation of car tires (3–4 min depending on size). Safe traveling — in case of a leak in a car or trailer tire, it tops up the air allowing you to drive to a tire repair shop. Relaxation by the water — equipped with an additional wide connector for inflating pontoons, mattresses, and pool toys. Family trips — inflates bike tires, strollers, and balls. Inflates wheelbarrow tires on the construction site. Inflates the rear wheel of an excavator or tractor (26" rim, 2.5 bar) in 15 minutes, twice on a single charge of a 4 Ah battery. Ball and mattress needles fit in the compressor housing compartment. The 12 V cigarette lighter power cable reaches the rear wheels of a passenger vehicle (3 m length). Equipped with an LED flashlight. Body version — supplied without battery and charger.

Key Technical Specifications

Power	60 W
Weight	1.65 kg
Airflow	12 l/min
Voltage	18 V DC
Functions	Inflation, air extraction from previously inflated products, flashlight
Vibrations	9.75 ± 1.5 m/s ²
Battery Type	Li-Ion
Charger Type	Mains 220–240 V~ 50/60 Hz / 12 V car
Display Type	LCD
Set Includes	Compressor, large-volume hose, high-pressure hose, universal inflation tips (balls, mattresses, etc.) x4
Max. Pressure	1.1 MPa / 11 bar / 160 PSI

Acoustic Power	82.2 ± 3.0 dB(A)
Battery Included	No
Charger Included	No
Protection Grade	IPX0
Acoustic Pressure	71.2 ± 3.0 dB(A)
Work Area Lighting	Yes
Transportation Holder	Yes

Key Points

- Fast car tire inflation: 3–4 minutes depending on tire size
- Includes 5 tips: car, narrow bike, ball needle, narrow and wide mattress connectors
- 12 V cigarette lighter cable, 3 m long — reaches rear wheels of a passenger car
- Ball and mattress needles stored in the compressor housing compartment
- Inflates excavator/tractor rear wheel (26" rim, 2.5 bar) in 15 min — twice per 4 Ah charge
- Built-in LED flashlight
- LCD display
- Compatible with YATO 18 V battery system
- Body only — battery and charger sold separately

Warnings

- Body only — does not include battery or charger
- Battery and charger must be purchased separately
