Abrasive Disc with Hook Fastener 8 Holes P120 150mm 50pcs

Overview

Discover the reliability of YT-834595 sanding discs, perfect for professional applications. Ensure smooth and precise finishing on any surface. Exceptional performance thanks to aluminum oxide abrasive, suitable for a wide range of materials including paints, varnishes, wood, and metal. Compatible with orbital and eccentric sanders, including models YT-82207 and YT-82206. Durable epoxy resin binder ensures long service life. Hook and loop attachment system allows for quick and easy disc changes. Semi-open grit effectively removes dust, preventing clogging. 8 holes provide optimal dust extraction during work. Practical packaging contains 50 pieces.

Key Technical Specifications

Grit	P120
Holes	Yes
Shape	Round
Diameter	150 mm
Bond Type	Epoxy Resin
Application	Steel, Wood, Paints, Varnishes
Coating Type	Semi-Open
Compatible With	YT-82206, YT-82207
Number of Holes	8
Backing Material	Paper, Velcro
Material	Aluminum Oxide
Backing Thickness	C

Key Points

- Aluminum oxide abrasive for exceptional sanding performance
- Suitable for steel, wood, paints, and varnishes
- Compatible with orbital and eccentric sanders YT-82206 and YT-82207
- Epoxy resin binder for long-lasting durability
- Hook and loop attachment system for quick and easy disc changes
- Semi-open grit structure prevents clogging during use
- 8 holes for optimal dust extraction
- 50 discs per package

Warnings

- Always use personal protective equipment when working.
