

Yato | Code YT-87750 | Sku 1087750

Pruning Saw 350mm

Overview

Convenient and lightweight hand saw with a 350 mm blade length, designed for precise pruning of tree branches. The profiled blade with crosscut teeth enables effective cutting in both directions. It can be used both as a standalone hand saw and as a spare blade for YATO YT-88780 and YT-88781 telescopic saws.
