Auto Rewind Hose Reel 15 m

Overview

The YT-90100 automatic hose reel guarantees convenience and space-saving garden organisation. The automatic rewind system allows quick and effortless hose storage, while wall mounting keeps your outdoor space tidy. The durable housing protects the hose from UV rays and mechanical damage, preventing kinks and extending hose life. Suitable for daily watering of lawns, flower beds, and vegetables, as well as cleaning patios, sidewalks, garden furniture, and vehicles.
