Metal Tool Box 360x150x115 mm

Overview

The YT-0882 is a metal toolbox that combines the durability of steel sheet with the practicality of mobile storage. It provides excellent organization and a secure place for tools in a service center or workshop. Made of durable 0.6 mm thick steel sheet with a powder-coated surface for high resistance to damage and corrosion. Equipped with a metal latch that allows additional security with a padlock. Ideal for professional use in automotive services and workshops, enabling easy mobility and helping maintain order to increase efficiency and comfort during work.

Key Technical Specifications

Material	Steel sheet
Dimensions	360 x 150 x 115 mm
