Swivel Base Bench Vice 150mm 19kg

Overview

The YT-65048 locksmith's bench vice is an indispensable workshop tool providing stable and precise clamping of workpieces. Made from durable gray cast iron, it features interchangeable 150mm wide jaws, an integrated anvil of hardened steel for fine work, and a fully protected trapezoidal threaded drawbar. The rotating base allows optimal positioning of objects. The black hammer paint finish provides resistance to damage. Suitable for securely clamping materials during mechanical processing with a wide jaw opening of up to 150mm for large elements.
