Set of 5 Black Hot Melt Glue Sticks 11×200mm

Overview

Universal black hot melt adhesive sticks with a diameter of 11mm and a length of 200mm. Suitable for bonding a wide variety of materials including paper and cardboard, plastics (including PVC), insulation fabrics, leather, and wood. Designed for professional applications such as fastening electric wires, packaging production, floristry, handicrafts, furniture and upholstery, automotive, and electronics. Each package contains 5 glue sticks.

Key Technical Specifications

Color	Black
Length	200 mm
Weight	0.1 kg
Diameter	11 mm
Open Time	20–30 s
Application	Cardboard, wood, plastic, leather, fabrics
Bonding Time	20–30 s
Melt Viscosity	6000 ± 1000 MPas
Softening Point	85 ± 2 °C
Operating Temperature Range	170–200 °C

Key Points

- Pack of 5 black hot melt glue sticks
- Diameter: 11mm, Length: 200mm
- Operating temperature: 170–200°C; melt temperature: 85°C (±2°C)
- Bonding time: 20–30 seconds; open time: 20–30 seconds
- Binding strength (melt viscosity): 6000 MPas (±1000 MPas)
- Compatible materials: paper, cardboard, PVC and other plastics, fabrics, leather, wood

-
- Suitable for professional use: wire fastening, packaging, floristry, handicrafts, furniture, automotive, electronics
