

Yato | Code YT-8876 | Sku 108876

Leverage Tree Pruner 325 mm

Overview

The YATO YT-8876 Leverage Tree Pruner is a professional cutting tool designed for garden maintenance, enabling easy trimming of high branches without the need for a ladder. It features durable steel construction for long-lasting durability and delivers precise, clean cuts to promote plant health. The pruner is equipped with an additional saw blade for efficient cutting of thicker branches and can effectively cut branches up to 28 mm in diameter. The PTFE-coated blade reduces friction and enhances cutting performance. Suitable for maintaining hard-to-reach areas safely and efficiently.

Key Technical Specifications

Length	325 mm
Blade finish	PTFE coated
Blade material	Steel
Handle material	Steel, PVC
Max. cutting diameter	28 mm

Key Points

- Enables safe cutting of high branches without using a ladder
- Additional saw blade for efficient cutting of thicker branches
- Maximum cutting diameter: 28 mm
- PTFE-coated steel blade for smooth, precise cuts
- Durable steel and PVC handle construction
- Total length: 325 mm
- Delivers precise and clean cuts to support plant health
