

Fischer | Code 90893 | Sku 33707

Fischer SX 6x30 SK Nylon Expansion Plug with Chipboard Screw, 15 Pieces

Short Description

Fischer SX nylon expansion plugs with four-way expansion, supplied with matching chipboard screws for general-purpose fixing in a range of solid and hollow building materials.

Technical Specifications

Brand	Fischer
Model	SX 6x30 SK
Mfr part no.	90893
SKU	33707
Type	Nylon expansion fixing plug with chipboard screw
Diameter	6 mm
Anchor Length	30 mm
Drill Hole Diameter	6 mm
Minimum Drill Hole Depth	40 mm
Recommended Wood Screw Diameter	5 mm
Screw Type	Chipboard screw
Expansion Type	Four-way expansion
Material	High-quality nylon
Recommended Load Concrete	0.65 kN
Recommended Load Solid Brick	0.30 kN
Recommended Load Solid Sand Lime Brick	0.50 kN
Recommended Load Aerated Concrete	0.03 kN to 0.09 kN depending on AAC grade
Plug Quantity	15
Screw Quantity	15
Ean Gtin	4006209908938
Manufacturer Current Reference	567827

Description

The plug has an integrated collar to help prevent it from slipping into the drill hole and anti-rotation features to support installation. Manufacturer catalogue information identifies article 90893 as the SX Plus 6x30 K S blister version.

Key Features

- Four-way expansion for effective load distribution
- Integrated collar helps prevent the plug from sinking into the drill hole
- Anti-rotation features help hold the plug in position during installation
- Suitable for wood screws, chipboard screws and compatible universal spacer screws
- Suitable for concrete, solid masonry, perforated masonry, aerated concrete and other listed building materials
- Supplied with matching chipboard screws

Applications

- Lighting
- Skirting boards
- Light shelving
- Light wall cabinets
- Bathroom and toilet fittings
- Mirror cabinets
- Mailboxes
- TV furniture
- Grilles and trellises
- Folding shutters
- General light-duty fixture installation
