## Adjustable Tool Seat

### Overview

Enhance your work comfort with the YT-08793 workshop seat — a perfect combination of mobility, ergonomics, and functionality. The rotating seat provides full freedom of movement while working. Built-in compartments in the base help store small items and keep things organized. The seat is padded with soft foam and covered with vinyl for maximum comfort; the vinyl is resistant to grease and oils, making cleaning easy. Height is adjustable from 41 to 55 cm to suit your needs. The durable steel construction ensures long-lasting use, and four swivel wheels with ball bearings allow effortless movement around the workshop. Load capacity of up to 140 kg ensures stability and safety.

### Key Technical Specifications

|                                |                                |
|--------------------------------|--------------------------------|
| Wheels                         | Yes                            |
| Bearings                       | Yes                            |
| Base Size                      | 420 x 420 mm                   |
