

Vorel | Code 87303 | Sku 1087303

Vorel Fixed Caster with Black Rubber

Key Technical Specifications

Caster Type	Fixed
Wheel Diameter	125 mm
Tire Width	34 mm
Total Height	155 mm
Maximum Load	100 kg
Tire Material	Black rubber
Bearing Type	Roller
Mounting Type	Plate
Brake	No
Temperature Range	-10 °C to +50 °C

Maximum Capacities

- Load capacity: up to 100 kg
- Operating temperature: -10 °C to +50 °C

Features

- Smooth, quiet movement via high-quality roller bearing
- Stable, secure guidance from fixed caster design
- Abrasion- and damage-resistant black rubber tire
- Long-lasting durability for everyday use

Applications

- Warehouses
- Workshops
- Industrial use

-
- Moving heavy items
