Workshop Lamp Tube 360 Degrees 7500 Im

Overview

Lamp with folding tripod designed for indoor and outdoor use. The 7500 lm operating mode provides very good illumination of the workspace in every direction. An additional advantage is the built-in electrical outlet to which you can connect equipment with a maximum power of 3000 W. Features a practical carrying handle and folding tripod for easy transport. Light source: 100 W, 7500 lm, natural white 5000 K, color rendering index CRI 80, lifetime 30000 h. Power supply: 220–240 V, 50–60 Hz. Waterproof electrical outlet: 3000 W max. Cable length: 1.5 m. Water resistance: IP44, electrical insulation class I, operation range: 360°. Housing material: aluminum and PVC. Dimensions: 770 × 740 × 1500 mm (folded: 165 × 160 × 1350 mm). Weight: 4.2 kg.

Key Technical Specifications

Power	100 W
Weight	4.2 kg
Voltage	220–240 V a.c.
Lifetime	30000 h
Material	Aluminum, PVC
Frequency	50 Hz
Dimensions	770 × 740 × 1500 mm
Application	Indoor, outdoor
Cable length	1.5 m
Luminous flux	7500 lm
Stand / tripod	Yes
Carrying handle	Yes
Operation angle	360°
Tripod included	Yes
Max. socket load	3000 W

Color temperature	5000 K
Folded dimensions	165 × 160 × 1350 mm
Protection rating	IP44
Cable cross-section	3G × 1.5 mm ²
Electrical insulation class	I
Color rendering index CRI Ra	80

Key Points

- 360° operation range for full workspace illumination in every direction
- High luminous flux of 7500 lm at 100 W power consumption
- Natural white light at 5000 K color temperature with CRI 80 color rendering
- Long service life of 30,000 hours
- Built-in IP44-rated electrical outlet supporting up to 3000 W load
- Folding tripod included for easy setup and transport
- Practical carrying handle for portability
- Suitable for both indoor and outdoor use
- Electrical insulation class I; IP44 weather protection
- Cable length: 1.5 m; wire cross-section: 3G × 1.5 mm²
- Aluminum and PVC construction; weight: 4.2 kg
