Hoodie 'Rottweiler' Size 2XL

Overview

Hooded sweatshirt with two zippered pockets around the waist. The material is thick and warm cotton with a polyester blend. Cotton as a natural material is very pleasant to the touch, and at this weight provides optimal thermal comfort both in spring and autumn. The addition of polyester strengthens the fiber, thereby improving the material's resistance to tearing. Additional quilted material on both shoulders will cushion the pressure, for example, from a carried bag of cement. Special prints made with reflective ink improve the user's visibility. Material: 80% cotton, 20% polyester, weight: 300 g/m². Features a hood with drawstrings and a high collar to protect the neck from the wind, sleeves finished with a wide elastic cuff, and wide elastic ribbing at the bottom of the sweatshirt. Meets the requirements of Regulation (EU) 2016/425 for Category I workwear.

Key Technical Specifications

|                            |                           |
|----------------------------|---------------------------|

## Key Points

- Two zippered pockets around the waist
- Thick, warm fabric: 80% cotton, 20% polyester at 300 g/m<sup>2</sup>
- Quilted reinforcement on both shoulders for pressure relief (e.g. carrying bags of cement)
- Hood with drawstrings and high collar for wind protection
- Sleeves finished with wide elastic cuffs
- Wide elastic ribbing at the bottom hem
- Prints made with reflective ink for improved user visibility
- Meets EU Regulation 2016/425 Category I workwear requirements
- Color: black and red

## Warnings

- Category I workwear – protects against minimal risk factors only; not suitable for high-risk environments
- Complies with EU Regulation 2016/425 for Category I personal protective equipment
