

Yato | Code YT-82430 | Sku 1082430

Glue Sticks 1kg 11×200mm Transparent

Overview

The YT-82430 hot melt adhesive is a universal solution for a wide range of applications. It offers strong and clear bonds for both professionals and hobbyists, supporting reliable bonding of various materials including paper, cardboard, plastics (including PVC insulation), fabrics, leather, and wood. Also suitable for packaging production, floristry, crafts, furniture making, upholstery, automotive, and electronics applications.

Key Technical Specifications

Color	Transparent
Length	200 mm
Weight	1 kg
Diameter	11 mm
Open time	20–30 s
Application	Cardboard, wood, plastic, leather, fabrics
Melting time	20–30 s
Melting viscosity	10000 ± 1000 MPas
Softening temperature	82 ± 2°C
Operating temperature range	170–200°C

Key Points

- Universal application for paper, cardboard, plastics (PVC), fabrics, leather, and wood
- Clear (transparent) finish for clean, professional results
- Fast bonding with a melting time of 20–30 s and open time of 20–30 s
- Operating temperature range: 170–200°C; softening temperature: 82 ± 2°C
- Diameter: 11 mm, length: 200 mm; package weight: 1 kg
- Suitable for floristry, crafts, furniture making, upholstery, automotive, and electronics

-
- Safe for fastening electrical wires
