Height	28 mm
Weight	0.03 kg
Material	Stainless steel
Installation	Self-adhesive
Number of hooks	2

Key Points

- **USE:** Self-adhesive wall hooks are a great everyday helper, whether in the kitchen, hallway, bathroom, office or shower – self-adhesive hooks hold on all smooth surfaces. Suitable for hanging lighter items such as towels or tea towels.
- **DESIGN:** Thanks to their elegant and timeless design, these hooks are a perfect fit for any room.
- **QUALITY:** The self-adhesive hooks are made from high-quality stainless steel, making them easy to clean. The strong adhesive ensures the best possible grip.
- **INSTALLATION:** Easy installation without drilling or screws. Simply clean the wall surface with a damp cloth and dry it thoroughly. Peel off the adhesive film, position the hook and press firmly for at

least 30 seconds – done! Wait 24 hours before fully loading the hooks. If needed, the hook can be removed without residue by using a twisting motion.

- TIP: If the hooks start to come loose after extended use, apply liquid nails ("Mamut") to fix them firmly in place and increase their load capacity.
