Key Points

- DESIGN: Metal door stops with a modern design will be an elegant and indispensable addition to your home or office. This type of door stop will become a stylish complement to your floors.
- PERFECT PROTECTION: Screw-on door stops serve as excellent protection against sudden door impacts, preventing damage to your furniture and walls.
- QUALITY: Floor door stops made of stainless steel are manufactured from quality metal with a matt nickel finish. The front dampening buffer made of soft TPE plastic ensures optimal cushioning quality.
- INSTALLATION: Thanks to the included mounting hardware, which contains wall plugs and screws, attaching the door stop will be no problem. Holds securely on all floors where drill installation is possible.
