Key Points

- **DESIGN:** Metal door stops in a modern design will be an elegant and indispensable addition to your home or office. This type of door stop will become a stylish complement to your floors.
- **PERFECT PROTECTION:** Self-adhesive door stops serve as excellent protection against sudden door impacts, preventing damage to your furniture and walls.
- **QUALITY:** Floor door stops made of stainless steel are crafted from high-quality metal with a matte nickel finish. The front damping buffer made of soft TPE plastic ensures optimal cushioning quality.
- **INSTALLATION:** No screws or drilling are required for installation. Simply remove the adhesive film and place the stop on a pre-degreased and cleaned surface. Self-adhesive door stops are suitable for all types of smooth floors such as vinyl, laminate, stone, tiles, and parquet floors. Self-adhesive door stops can be easily removed with a twisting motion.
