## VDE Precision Screwdrivers Set 6 pcs

### Overview

Set of 6 precision VDE insulated screwdrivers with durable blades made of S2 steel. Two-composite handle with a length of 95 mm, made of hard and durable polypropylene and pleasant-to-the-touch thermoplastic rubber. Insulated blades made of S2 steel. Rotating head for easier work with pressure. VDE certificate confirms safety when working under voltage up to 1000 V AC. Meets the requirements of EN 60900. PH bits: PH0 x 65 mm, PH00 x 65 mm. Flat tips: 0.3 x 1.8 x 50 mm, 0.4 x 2 x 50 mm, 0.4 x 2.5 x 65 mm, 0.5 x 3 x 65 mm. Packaged in a box made of durable plastic.

### Key Technical Specifications

|                  |                     |
|------------------|---------------------|
| Standard         | EN 60900            |
| Tip type         | Flat, Phillips (PH) |
| Application      | Electrical          |
| Tip material     | S2                  |
| Handle length    | 95 mm               |
| VDE certified    | Yes                 |
| Handle material  | PP, TPR             |
| Maximum voltage  | 1000 V AC           |
| Number of pieces | 6                   |

### Key Points

- Set of 6 precision VDE insulated screwdrivers
- Blades made of durable S2 steel
- Two-composite handle (95 mm): hard polypropylene and soft thermoplastic rubber (TPR)
- Rotating head for reduced effort and easier work under pressure
- VDE certified for safe use up to 1000 V AC
- Meets EN 60900 standard

- 
- Includes PH0 x 65 mm and PH00 x 65 mm Phillips bits
  - Includes flat tips: 0.3x1.8x50 mm, 0.4x2x50 mm, 0.4x2.5x65 mm, 0.5x3x65 mm
  - Supplied in a durable plastic storage box

## Warnings

- Only use for electrical work within the certified voltage limit of 1000 V AC
- Inspect insulation for damage before each use; do not use if insulation is compromised
