Vorel UE-300 Welding Electrode Holder

Key Technical Specifications

Type	UE-300
Max. Welding Current	315 A (60% duty) / 400 A (35% duty)
Welding Cable Cross-Section	50–70 mm ²
Electrode Clamping Range	2.5–6.3 mm
Weight	0.42 kg

Applications

- MMA welding with covered electrodes
- Manual welding in all positions

Features

- Insulated holder
- Clamps electrodes from 2.5 to 6.3 mm
- Electrode can be clamped in one of three positions
