Short Working Trousers Size: M

Overview

Short work trousers featuring seven pockets, including four secured with Velcro fasteners. The main material is a cotton-polyester blend combining the strengths of both fibres: enhanced tear resistance and good air circulation. Front section below the waistband includes two large pockets with a reinforced inner bottom layer, plus a small sewn pocket with a Velcro-fastened flap on the right side. Left leg features a large pocket with a Velcro-fastened flap; right leg has a narrow pocket suitable for a utility knife. Two large Velcro-fastened pockets with flaps are located on the back below the waistband. A key carabiner is included at the front waistband. Double stitching is applied at stress points. Fastened at the waist with a zipper and large button. Elastic side panels integrated into the waistband. Compliant with Regulation (EU) 2016/425 for PPE Category I work clothing.
