Spray Gun

Overview

A reliable and easy-to-use spray gun for watering the garden and performing cleaning tasks around the house. Made of durable materials — aluminum, ABS, and TPE — it ensures long-term use and resistance to damage. The contoured handle and trigger lock make even long watering or maintenance tasks comfortable.

Key Technical Specifications

Material	Aluminum, ABS, TPE
Stream type	Central, Mist
Flow control	Yes
Stream control	No
Number of functions	2

Key Points

- 2 functions: central stream and mist
- Made of durable and resistant materials: aluminum, ABS, and TPE
- Durable construction designed for multi-season work
- Ergonomic, non-slip handle provides a stable grip even with wet hands
- Built-in water flow control valve
- Trigger lock allowing continuous work without hand pressure and fatigue
- Resistant to weather conditions and mechanical damage
- Suitable for watering plants, lawn care, car washing, cleaning furniture and garden equipment, and general household tasks
