Tool Belt with Suspenders

Overview

Tool belt with braces featuring two large universal panniers, a metal hammer handle and one deep pocket for nails or screws. The length of the main belt, fastened with a metal buckle, is about 1280 mm. It is connected to a wide load-bearing belt mounted on wide braces. The braces balance the load by transferring it from the hips to the shoulders. This belt design makes working with a greater load easier. The whole product is made of technical waterproof Oxford 600D polyester fabric. Intended for storing and transporting tools used during work.
