

Yato | Code YT-4220 | Sku 104220

MASONRY DRILL BIT 16X200 MM SDS PLUS X-TIP

Overview

Classic four-blade drill bit for reinforced concrete with a blade resistant to damage upon contact with rebar. Use for drilling in reinforced concrete, silicate, ceramic brick. The double helix prevents the drill from jamming when discharging a large amount of excavated material. The steel of the drill body is resistant to temperature expansion, so the drill does not lock in the chuck.

Key Technical Specifications

Pcs	10
Brand	Yato
Symbol	YT-4220
Diameter	16 mm
Material	40Cr
Blade type	X-tip
Application	concrete, aerated concrete, silicates
Spiral type	double
Producer code	5906083942204
Blade material	YG-11C
Overall length	200 mm
Finish	refined
Toolholder type	SDS-Plus
Working part length	125 mm
Working part material	S4

Key Points

- Body material: 40Cr
- Working part material: YG-11C
- Blade type: cross-cut, X-tip
- Spiral type: double
- Surface finish: sand blasted
- Tool holder type: SDS Plus
- Overall length: 200 mm, working part length: 125 mm
- Diameter: 16 mm
- For drilling in reinforced concrete, aerated concrete and silicates
