Petrol Blower 25.4cc 3-in-1

Overview

Three functions, one goal - perfect order. Take care of the cleanliness of green areas with the petrol blower YT-85191. This indispensable 3-in-1 device helps maintain order in the garden and driveway, quickly and efficiently removing leaves, grass, and small branches, and compressing them into a capacious bag. Versatility 3 in 1: blower, vacuum cleaner, and shredder in one device. A two-stroke engine with a capacity of 25.4 cm³ and power of 0.75 kW ensures high efficiency and reliability of work. Airflow speed of up to 252 km/h guarantees effective and fast removal of impurities. A blowing capacity of 540 m³/min ensures efficient cleaning of large areas. The 35-litre waste bag allows for long work without frequent emptying. The lightweight construction (5.7 kg) and ergonomic handle provide comfort and ease of maneuvering. A low vibration level of 3.132 m/s² increases comfort and reduces operator fatigue. Ideal for removing leaves, branches, grass, and other impurities from driveways, sidewalks, terraces, and lawns. Excellent for cleaning gardens, plots, parks, and larger green areas. Set includes: blower, nozzle, waste bag.

Key Technical Specifications

Brand	Yato
Power	0.75 kW, 1.02 HP
Symbol	YT-85191
Weight	5.7 kg
Cooling	air
Fuel Type	unleaded petrol E10
Functions	vacuuming, blowing, shredding, compression of leaf volume
Rotations	7000 min ¹
Vibrations	3.132 ± 1.5 m/s ²
Bag capacity	35 l
Set includes	blower, nozzle, bag

Blow capacity	540 m ³ /min
Producer code	5906083116872
Acoustic power	106.2 ± 3.0 dB(A)
Acoustic pressure	94.0 ± 3.0 dB(A)
Blowing air speed	252 km/h
Fuel tank capacity	0.45 l
Ignition plug type	L7RTC
Oil and fuel ratio	25:1
Engine (motor) capacity	25.4 cm ³
Number of strokes in engine (motor)	2
Number of cylinders in engine (motor)	1

Key Points

- Versatility 3 in 1: blower, vacuum cleaner, and shredder in one device
- Two-stroke engine with a capacity of 25.4 cm³ and power of 0.75 kW ensures high efficiency and reliability of work
- Airflow speed up to 252 km/h guarantees effective and fast removal of impurities
- Blowing capacity of 540 m³/min for efficient cleaning of large areas
- 35-litre waste bag allows for long work without frequent emptying
- Lightweight construction (5.7 kg) and ergonomic handle provide comfort and ease of maneuvering
- Low vibration level of 3.132 m/s² increases comfort and reduces operator fatigue
- Ideal for removing leaves, branches, grass, and other impurities from driveways, sidewalks, terraces, and lawns
- Excellent for cleaning gardens, plots, parks, and larger green areas
- Effective collection and compression of waste into a bag, facilitating their disposal and utilisation
- Engine: two-stroke, single-cylinder, air-cooled
- Fuel type: unleaded petrol E10
- Fuel and oil ratio: 25:1
- Maximum rotational speed: 7000 min⁻¹
- Set includes: blower, nozzle, waste bag
