

Vorel | Code 81440 | Sku 1081440

Vorel Single-Layer Technical Unreinforced PVC Hose 14mm 25m

Key Technical Specifications

Material	PVC
Internal Diameter	14 mm
Wall Thickness	2 mm
Length	25 m
Temperature Tolerance	-20 to +60 °C
UV Proof	Yes

Material Properties

- High quality polyvinyl chloride
- High plasticity and mechanical strength
- Odorless and non-toxic
- Transparent single-layer construction

Resistance

- Resistant to alcohol
- Resistant to mineral oils
- Resistant to many solvents
- Chemical resistant
- UV proof

Applications

- Automotive
- Agriculture

-
- Gardening
 - Aquaristics
 - Leatherwork
 - Decorating
 - Transfer of air and liquids
 - Protection for sharp edges
 - Protection for electric cables
