The Bosch AdvancedVac 20 is a 1,200 W wet and dry vacuum cleaner with a 20 litre container, automatic power-tool start/stop, blowing function, drain valve and antistatic hose.

Technical Specifications

Brand	Bosch
Model	AdvancedVac 20
Mfr part no.	06033D1270
SKU	813125
Type	Wet and dry vacuum cleaner
Dimensions	360 x 365 x 499 mm (L x W x H)
Weight	7.6 kg
Hose	2.2 m long, 35 mm diameter, antistatic
Container Volume	20 L
Power	1,200 W
Suction Power	300 W
Maximum Vacuum	260 mbar
Maximum Airflow	70 l/s
Voltage	230 V nominal
Protection Class	IP X4
Functions	Automatic remote switch-on facility, socket on top of unit, blowing function, drain valve and antistatic system
EAN	3165140874014

Description

The Bosch AdvancedVac 20 is designed for cleaning dry dust, chips and wet materials in workshops, garages and around the home. The universal adapter connects the vacuum to Bosch Home & Garden power tools and various tools from other manufacturers.

Key Features

- Wet and dry vacuuming
- Automatic start/stop when connected to a compatible power tool
- Blowing function for leaves and dirt
- Drain valve for releasing collected water
- Antistatic hose
- Universal adapter for compatible power tools
- 1,200 W power input
- Maximum turbine airflow of 70 l/s

Applications

- Workshop dust and chip extraction
- Wet material and liquid collection
- Garage and household cleaning
- Extraction from compatible power tools
- Blowing leaves and dirt from hard-to-reach areas

What's Included
