EXPERT HEX-9 HardCeramic Drill Bit, 10 x 90 mm

Short Description

Bosch Professional EXPERT HEX-9 HardCeramic carbide drill bit for drilling hard ceramic tiles, roof tiles and other compatible materials without lubrication or cooling.

Technical Specifications

Brand	Bosch
Model	HEX-9 HardCeramic
Mfr part no.	2608900593
SKU	813081
Type	Ceramic and tile drill bit
Diameter	10.00 mm
Total Length	90 mm
Maximum Tile Thickness	Up to 10 mm
Shank	Hexagonal shank; compatible with 1/4-inch internal hex tool holders
Tip Material	Carbide using Bosch Carbide Technology
Compatible Materials	Hard ceramic tiles, soft ceramic tiles, hard stone, roof tiles and glass
Speed	Below 500 rpm
Recommended Drilling Mode	Rotary drilling only; do not use impact mode
Pack Quantity	1 piece
Packaging	Combined cardboard/plastic packaging with Euro slot
Barcode	6949509232458

Description

The Bosch Professional EXPERT HEX-9 HardCeramic drill bit features Bosch Carbide Technology, a specially designed centering tip and a multi-faceted carbide cutting design for precise starting and

efficient drilling in hard materials. Its hexagonal shank provides strong connection and torque transfer in three-jaw chucks and 1/4-inch internal hex tool holders.

Key Features

- Specially designed centering tip for accurate hole starting
- Multi-faceted cutting design for efficient drilling in hard materials
- Can drill ceramic tiles without lubricant or cooling
- Up to 10 times longer life than Bosch CYL-9 Ceramic drill bits
- Strong connection and torque transmission via hexagonal shank

Applications

- Drilling holes in hard ceramic wall tiles
- Drilling bathroom tiles for shower-partition installation
- Drilling roof tiles
- Drilling compatible hard stone
- Drilling compatible glass
- Interior fitting and installation work
- Roofing applications

What's Included

- 1 x Bosch Professional EXPERT HEX-9 HardCeramic drill bit, 10 x 90 mm
