GAL 18V-40 Professional Charger

Short Description

Compact Bosch Professional 18V battery charger with a 4 A charging current for Bosch Professional 18V and AMPShare batteries.

Technical Specifications

Brand	Bosch
Model	GAL 18V-40
Mfr part no.	1 600 A01 9RJ
SKU	45768
Type	18V lithium-ion battery charger
Weight	0.55 kg
Voltage	14.4–18 V battery charging voltage
Charging Current	4 A
Minimum Battery Capacity	1.3 Ah
Charging Temperature Range	0–45 °C
Wall Mounting Hole Spacing	72 mm
Battery Compatibility	Compatible with Bosch Professional 18V batteries and AMPShare batteries
Indicator Lights	Green charging-status indicator and red temperature-monitoring/error indicator
Protection Class	Class II
Charging Time GBA 18V 2.0Ah	24 minutes to 80%; approximately 35 minutes to 100%
Charging Time GBA 18V 3.0Ah	36 minutes to 80%; approximately 50 minutes to 100%
Charging Time GBA 18V 4.0Ah	48 minutes to 80%; approximately 65 minutes to 100%
Charging Time GBA 18V 5.0Ah	60 minutes to 80%; approximately 70 minutes to 100%
Charging Time GBA 18V 6.0Ah	72 minutes to 80%; approximately 95 minutes to 100%
Charging Time ProCORE18V 4.0Ah	48 minutes to 80%; approximately 65 minutes to 100%
Charging Time ProCORE18V 8.0Ah	113 minutes to 80%; approximately 124 minutes to 100%

**Charging Time ProCORE18V
12.0Ah**

162 minutes to 80%; approximately 172 minutes to 100%

Description

The Bosch Professional GAL 18V-40 supports wall mounting.

Key Features

- Compact modern design
- Compatible with Bosch Professional 18V batteries
- Compatible with AMPShare battery alliance products
- Wall-mounting option
- Green charging-status indicator
- Red temperature-monitoring and error indicator

Applications

- Charging Bosch Professional 18V lithium-ion batteries
- Charging compatible AMPShare batteries
- Workshop and trade use
- Desktop or wall-mounted battery charging

What's Included

- Bosch GAL 18V-40 Professional charger
- Cardboard box
