

Yato | Code YT-30418 | Sku 1030418

BATTERY FOR YT-30417 4000MAH

Overview

Reliable power supply Ensure uninterrupted operation for your self-leveling laser YT-30417 with the 4000 mAh battery YT-30418. Essential support for every professional. Maximum performance Ensures long and uninterrupted operation of the self-leveling laser YT-30417 Provides stable power supply, essential for precise measurements on the construction site High capacity of 4000 mAh significantly extends the device's usage time Li-Ion technology offers optimal performance and long battery life Perfect as a backup power source, eliminating work interruptions Quick battery replacement allows for instant resumption of tasks Long working time For 4D laser Li-Ion technology 4000 mAh capacity Compatibility Technical data: Compatibility: Self-leveling laser YT-30417 from 4D series Battery type: Li-Ion Battery voltage: 3.7 V Battery capacity: 4000 mAh

Key Technical Specifications

For	YT-30417
Brand	Yato
Symbol	YT-30418
Voltage	3.7 V d.c.
Battery type	Li-Ion
Producer code	5906083115691
Battery capacity	4000 mAh

Key Points

- Ensures long and uninterrupted operation of the self-leveling laser YT-30417
- Provides stable power supply, essential for precise measurements on the construction site
- High capacity of 4000 mAh significantly extends the device's usage time
- Li-Ion technology offers optimal performance and long battery life
- Perfect as a backup power source, eliminating work interruptions

-
- Quick battery replacement allows for instant resumption of tasks
 - Compatibility: Self-leveling laser YT-30417 from 4D series
 - Battery type: Li-Ion
 - Battery voltage: 3.7 V
 - Battery capacity: 4000 mAh
