

Yato | Code YT-30420 | Sku 1030420

BATTERY FOR YT-30419 4000MAH

Overview

Reliable power supply. Ensure continuous operation of your laser with the YT-30420 battery. This efficient power source guarantees long hours of precise measurements. It provides longer, uninterrupted operation of the self-leveling laser YT-30419, ensuring continuity and accuracy of precise measurements. Its high capacity of 4000 mAh ensures efficient operation, while lithium-ion (Li-Ion) technology delivers reliability and long life. Quick and easy battery replacement in the field. Designed for the 4D series laser. Technical data: Symbol: YT-30420; Intended for: Self-leveling laser YT-30419 (4D series); Battery type: Li-Ion (lithium-ion); Nominal voltage: 3.7 V; Battery capacity: 4000 mAh.

Key Technical Specifications

For	YT-30419
Brand	Yato
Symbol	YT-30420
Voltage	3.7 V d.c.
Battery type	Li-Ion
Producer code	5906083115714
Battery capacity	4000 mAh

Key Points

- Longer, uninterrupted operation of the self-leveling laser YT-30419
- Ensuring continuity and accuracy of precise measurements
- High capacity of 4000 mAh ensuring efficient operation
- Lithium-ion (Li-Ion) technology for reliability and long life
- Quick and easy battery replacement in the field
- Symbol: YT-30420
- Intended for: Self-leveling laser YT-30419 (4D series)

-
- Battery type: Li-Ion (lithium-ion)
 - Nominal voltage: 3.7 V
 - Battery capacity: 4000 mAh
