

Yato | Code YT-4201 | Sku 104201

MASONRY DRILL BIT 6X110 MM SDS PLUS X-TIP

Overview

Classic four-blade reinforced concrete drill bit with a blade that resists damage on contact with the bar reinforcement system. Designed for drilling in reinforced concrete, silicates and ceramic brick. The double helix prevents the drill bit from jamming when discharging large amounts of spoil. The steel of the drill body is resistant to thermal expansion, so the drill does not lock in the chuck. Material: 40Cr. Working part material: YG-11C. Blade type: cross, X-tip. Spiral type: double. Surface finish: sand blasted. Tool chuck type: SDS Plus.

Key Technical Specifications

Pcs	10
Brand	Yato
Symbol	YT-4201
Diameter	6 mm
Material	40Cr
Blade type	X-tip
Application	concrete, aerated concrete, silicates
Spiral type	double
Producer code	5906083942013
Blade material	YG-11C
Overall length	110 mm
Finish	refined
Toolholder type	SDS-Plus
Working part length	45 mm
Working part material	S4

Key Points

- Material: 40Cr
- Working part material: YG-11C
- Blade type: cross, X-tip
- Spiral type: double
- Surface finish: sand blasted
- Tool chuck type: SDS Plus
- Diameter 6 mm, overall length 110 mm
- Application: concrete, aerated concrete, silicates
