

Yato | Code YT-4203 | Sku 104203

MASONRY DRILL BIT 6X210 MM SDS PLUS X-TIP

Overview

Classic four-blade drill bit for reinforced concrete with a blade resistant to damage upon contact with rebar. Use for drilling in reinforced concrete, silicate and ceramic brick. The double helix prevents the drill bit from jamming when discharging a large amount of excavated material. The steel of the drill body is resistant to temperature expansion, so the drill does not lock in the chuck.

Key Technical Specifications

Pcs	10
Brand	Yato
Symbol	YT-4203
Diameter	6 mm
Material	40Cr
Blade type	X-tip
Application	concrete, aerated concrete, silicates
Spiral type	double
Producer code	5906083942037
Blade material	YG-11C
Overall length	210 mm
Finish	refined
Toolholder type	SDS-Plus
Working part material	S4

Key Points

- Four-blade drill bit for reinforced concrete
- Blade resistant to damage on contact with rebar
- Double helix prevents jamming when discharging excavated material

-
- Body steel resistant to temperature expansion, avoids locking in the chuck
 - SDS-Plus tool holder
 - Diameter: 6 mm, total length: 210 mm
 - Suitable for concrete, cellular concrete and silicate
