

Yato | Code YT-4945 | Sku 104945

DOUBLE SOCKET RATCHET HANDLE 10-13-17-19 MM

Overview

Double-sided ratcheting ring spanner made of durable chrome-vanadium steel. The double-sided design provides four sizes: 10, 13, 17 and 19 mm. The ratchet has 72 teeth and a chrome-finished surface. The spanner features a direction change switch. It was developed for the needs of specialized automotive and mechanical services.

Key Technical Specifications

Size	10x13x17x19 mm
Brand	Yato
Symbol	YT-4945
Ratchet	yes
Hardness	42-49 HRC
Material	CrV
Application	service
Head coating	polished
Producer code	5906083949456
Overall length	200 mm
Finish	chrome plated, polished
Number of teeth	72
Rotation switch	yes
Ring wrench type	dodecagonal
Technology process	cold forged
Bigger ring wrench width	35 mm
Smaller ring wrench width	29 mm
Bigger ring wrench thickness	22 mm
Smaller ring wrench thickness	17 mm

Key Points

- Double-sided design covering four sizes: 10, 13, 17 and 19 mm
- Made of durable chrome-vanadium (CrV) steel
- 72-tooth ratchet mechanism
- Direction change switch for reversible operation
- Chrome-plated, polished surface finish
- Overall length: 200 mm
- Cold forged with a hardness of 42-49 HRC
- Developed for automotive and mechanical service use
