

Yato | Code YT-55300 | Sku 1055300H

Roller Cabinet with Tool Inserts, 177 pcs

Overview

YATO brand service cabinet with tools. It features: 6 drawers on ball bearing slides with a load resistance of up to 25 kg (3 top drawers) and up to 35 kg (3 bottom drawers), 12 replaceable inserts (modules) of YATO tools with 177 components, central locking with 2 keys, and individual locking for each drawer. The profiles are made of double sheet steel. The workshop cabinet has corner bumpers that protect against accidental damage, such as to a car body. Its strengths also include a non-slip work surface, 125 mm rubber wheels (2 with a brake), universal wall perforation, and double walls. This tool cabinet is indispensable in car workshops and vehicle service stations. Usage warnings: Warning! Always use personal protective equipment at work.
