

Yato | Code YT-71320 | Sku 1071320

Measuring Tape 5m x 19mm with Top Window

Overview

Innovative Tape Measure with Top Reading. Discover the YT-71320 tape measure that combines innovation with precision, ensuring comfort and reliability in measurements. Ideal for professional applications and home projects. Innovation and Functionality: Length of 5 meters and width of 19 mm for a wide range of applications; Class II measurement accuracy ensuring reliable and precise readings; innovative viewing window at the top of the casing for easy measurement reading; sturdy steel tape providing reach without support, facilitating work in challenging conditions; durable casing made of robust and damage-resistant ABS plastic; practical short lanyard allowing for convenient wrist carrying or hanging of the tool; clear millimeter scale for quick and accurate interpretation of measurements; tape lock button for measurement stabilization and user safety. Technical Specifications: Type of measure: retractable; Material of casing: durable ABS plastic; Tape length: 5 meters; Tape width: 19 mm; Material of tape: durable steel; Measurement accuracy: Class II.

Key Technical Specifications

Type	rolled up
Brand	Yato
Symbol	YT-71320
Inch scale	no
Tape width	19 mm
Tape length	5 m
Metric scale	yes
Producer code	5906083113260
Tape material	steel
Casing material	ABS
Lock button quantity	1
Measurement accuracy	Class II

Key Points

- Length of 5 meters and width of 19 mm for a wide range of applications
- Class II measurement accuracy ensuring reliable and precise readings
- Innovative viewing window at the top of the casing for easy measurement reading
- Sturdy steel tape providing reach without support, facilitating work in challenging conditions
- Durable casing made of robust and damage-resistant ABS plastic
- Practical short lanyard allowing for convenient wrist carrying or hanging of the tool
- Clear millimeter scale for quick and accurate interpretation of measurements
- Tape lock button for measurement stabilization and user safety
- Type of measure: retractable
- Material of casing: durable ABS plastic
- Tape length: 5 meters
- Tape width: 19 mm
- Material of tape: durable steel
- Measurement accuracy: Class II
