REFLECTIVE TROUSERS ORIOLUS SIZE 2XL

Overview

Warning certified trousers from the Oriolus series have been designed as functional workwear for applications where the user's visibility is crucial. They are intended for work in areas with vehicle traffic, on roads, construction sites, in logistics, and during infrastructure works, where high-visibility clothing is an essential element of worker protection. The Oriolus series combines simple, technical design with solid construction and practical user solutions. The use of wide, 70-millimeter reflective strips significantly improves silhouette visibility in low light conditions, when working after dark, and in adverse weather conditions. The contrasting color combination and black material below the knees increase the durability of the trousers in areas particularly prone to dirt and intensive use. The main material in the form of a polyester and cotton blend with a weight of 230 g/m² combines durability, comfort, and breathability, proving to be most effective in the spring-autumn season. Well-thought-out construction, reinforced seams, and a functional layout of five large pockets support work ergonomics and allow for comfortable carrying of necessary tools and accessories. Basic information: material: 80% polyester, 20% cotton, weight: 230 g/m². Work organization: four large open pockets below the waist at the front and back, large pocket with flap fastened with Velcro on the left leg. Additional information: double seams in areas prone to tearing, fly with zipper and button closure at the waist. Meets the requirements of Regulation (EU) 2016/425 for Category II protective workwear. Warning clothing.

Key Technical Specifications

Size	XXL
Brand	Yato
Color	fluorescent yellow, black
Height	182-192 cm
Symbol	YT-79374
Material	80% polyester, 20% cotton
Air vents	yes

Reflective	yes
Waist length	97-103 cm
Producer code	5906083119514
Pocket quantity	5 external
Locking mechanism	zipper, button
Protection category	II
Grams per square metre	230 g/m ²

Key Points

- Material: 80% polyester, 20% cotton
- Weight: 230 g/m²
- Four large open pockets below the waist at the front and back
- Large pocket with flap fastened with Velcro on the left leg
- Double seams in areas prone to tearing
- Fly with zipper and button closure at the waist
- Wide 70-millimeter reflective strips for improved visibility in low light
- Fluorescent yellow and black color combination

Warnings

- Meets the requirements of Regulation (EU) 2016/425 for Category II protective workwear
