REFLECTIVE POLO SHIRT ORIOLUS SIZE S

Overview

The Oriolus series warning polo shirt is certified workwear designed for tasks requiring a high level of user visibility in a full 360° range, both during the day and at night. It provides a practical solution for workers performing tasks in areas with vehicle and machinery traffic, such as road works, maintenance of greenery near communication routes, railway, port, and airport infrastructure operations, where the risk of being hit requires the use of warning clothing with confirmed parameters. The model meets the requirements of class 2 visibility and is equipped with wide sewn-on reflective stripes, which ensure a clear silhouette outline from every side. The proper placement of reflective elements increases the reaction time of vehicle and machinery operators, improving work safety. When combined with the Oriolus series warning trousers, the polo shirt enables achieving class 3 visibility, in accordance with applicable standards. The Oriolus series is characterized by simple, technical design and meticulous finishing, adapted for intensive use in a work environment. The shirt is made of polyester bird eye fabric, which is breathable, elastic, and has a pleasant texture against the skin. With a weight of 140 g/m², the clothing is lightweight and comfortable for work during the spring-autumn period, even with increased physical activity. The material retains the required warning properties for up to 25 wash cycles, which is essential for regular use. Basic data: material: 100% polyester weight: 140 g/m² color: fluorescent yellow visibility class: 2 visibility class with Oriolus series trousers: 3 Meets the requirements of Regulation (EU) 2016/425 for Category II protective workwear. Warning clothing.
