Description

The Bosch EXPERT M480 sanding net is designed for dust-reduced sanding of drywall, wood and paint. Its open mesh structure supports full-surface dust extraction, while Bosch Particle Control helps move sanding particles through the mesh and into the dust-extraction system.

Key Features

- Open-mesh structure for efficient dust extraction
- Bosch Particle Control technology
- Suitable for drywall, wood and paint sanding
- Bosch states up to four times less dust than Bosch C420 sanding paper
- G 80 coarse grit

Applications

- Rough sanding and removal of material
- Drywall sanding
- Sanding wood
- Sanding paint and lacquer
- Removing coatings and impurities
- Intermediate lacquer sanding
- Fine sanding of softwood and hardwood
- Keying primers
