ROTARY HAMMER SDS+ 1100W 3 FUNCTIONS

Overview

Rotary hammer intended for: forging hammer drilling drilling without impact The device combines high power, light weight, and compact size. It has speed regulation, which is very useful when working with materials of different hardness (concrete, perforated brick, metal, wood). The power tool is equipped with a high-performance electro-pneumatic impact mechanism. The combination of impact with a strong 1100 W motor allows for very efficient drilling in concrete for electrical boxes, both with widia and diamond drills. Thanks to the sds+ handle, you can use the full range of YATO drills for work, including mixing tips for paints and mortars. This makes the YT-82118 hammer a very versatile tool that allows installers to drill holes, secure cables, groove and drill for electrical boxes, as well as mix building plaster with a single machine. There is no need to move around a large construction site with a large number of power tools. The rubber power cord retains its properties and flexibility at low temperatures. speed: 0-900 rpm weight: 4.8 kg cable length: 3 m We recommend SDS+ accessories for the hammer: YT-3300 set of wood drills 10-20 mm YT-40050 HSS 6542 metal drills YT-41936 premium drill 6 mm/160 mm YT-47200 wood chisel YT-4721 narrow chisel 20x14x250 CrV YT-47212 flat chisel 80 mm YT-4723 wide chisel 40x14x250 CrV YT-5496 spiral mixer 100X600 23590 14x250 mm chisel WATCH VIDEO

Key Technical Specifications

Brand	Yato
Power	1100 W
Stroke	yes
Symbol	YT-82118
Weight	4.8 kg
Voltage	220-240 V a.c.
Frequency	50 Hz
Functions	shoeing, drilling, drilling with impact, chisel positioning
Rotations	0-900 min ¹

Vibrations	15.91 ± 1.5 / 12.97 ± 1.5 m/s ²
Application	concrete, reinforced concrete, brick
Wire length	3 m
Set includes	hammer drill, additional handle, drilling depth limiter, dust cover for drilling in the ceiling, grease container, drills x3, chisel, punch
Producer code	5906083090769
Acoustic power	109.0 ± 3.0 dB(A)
LED indicators	yes
Rotation switch	no
Toolholder type	SDS-Plus
Hammering energy	4.5 J
Impact frequency	4300 min ¹
Protection grade	IP20
Acoustic pressure	95.0 ± 3.0 dB(A)
Electric insulation class	II
Tool positioning in chuck	yes
Max. hole diameter in wood	35 mm
Max. hole diameter in steel	13 mm
Electronic rotation adjustment	yes
Max. hole diameter in concrete	28 mm

Key Points

- forging
- hammer drilling
- drilling without impact
- speed: 0-900 rpm
- weight: 4.8 kg
- cable length: 3 m
- YT-3300 set of wood drills 10-20 mm
- YT-40050 HSS 6542 metal drills
- YT-41936 premium drill 6 mm/160 mm
- YT-47200 wood chisel
- YT-4721 narrow chisel 20x14x250 CrV
- YT-47212 flat chisel 80 mm
- YT-4723 wide chisel 40x14x250 CrV
- YT-5496 spiral mixer 100X600
- 23590 14x250 mm chisel
