Description

The Bosch EXPERT HEX-9 HardCeramic drill bit is designed for efficient drilling in hard ceramic tiles, hard stone, roof tiles and glass. It features a durable carbide tip, a specially designed centering tip for accurate starting, and a multi-faceted cutting design for efficient drilling in hard materials. The hexagonal

shank provides secure engagement and high torque transfer in standard drill chucks and 1/4-inch hexagonal tool holders. Bosch states that the HEX-9 HardCeramic can last up to 10 times longer than a Bosch CYL-9 Ceramic drill bit under the stated comparison conditions.
