### Description

The Bosch PRO Plastics PVC clean T102H is a 100 mm HCS jigsaw blade with a T-shank design. It is intended for clean cuts in PVC, polyamide and polystyrene sheets, profiles and bars. The blade uses a fine 2.3 mm tooth spacing and is suitable for material thicknesses from 3 mm to 30 mm.

### Key Features

- Designed for clean cuts in PVC
- Suitable for PVC, PA and PS sheets, profiles and bars
- HCS blade material
- 100 mm total blade length
- Precision-ground teeth with taper-ground body
- Tooth geometry helps prevent continuous chip formation

- T-shank compatible with standard jigsaws
- Pack contains 5 blades

## Applications

- Clean cutting of PVC sheets
- Cutting polyamide sheets
- Cutting polystyrene sheets
- Cutting plastic profiles
- Cutting plastic bars
- Cutting thermoplastic materials from 3 mm to 30 mm thick

## What's Included

- 5 x Bosch PRO Plastics PVC clean T102H jigsaw blades
