Starlock ACZ 85 EB BIM Segment Saw Blade, Wood and Metal

Short Description

Bosch ACZ 85 EB is an 85 mm bimetal Starlock segment saw blade for cutting wood, plastic and soft non-ferrous metals.

Technical Specifications

Brand	Bosch
Model	ACZ 85 EB
Mfr part no.	2 609 256 943
SKU	815473
Type	Bimetal Starlock segment saw blade for oscillating multifunction tools
Disc Size	85 mm
Material	BIM bimetal
Blade Mounting	Starlock
Compatible Materials	Wooden materials, plastic and soft non-ferrous metals
Pack Quantity	1 piece
Ean	3165140523271
Arbor Size	Starlock mounting system
Dimensions	85 mm diameter

Description

It is designed for separation and plunge cuts in wooden materials, plastic and soft non-ferrous metals, including cutting close to edges and in difficult-to-access areas. Typical applications include shortening installed skirting boards or door frames and adapting floor panels.

Key Features

- Bimetal construction for wood and metal applications
- Suitable for standard oscillating multifunction tools from most major brands
- Recessed centre for flush cutting
- Suitable for cutting close to edges, corners and difficult-to-access areas

Applications

- Separation and plunge cuts in wood
- Cutting plastic
- Cutting soft non-ferrous metals
- Shortening installed skirting boards
- Shortening door frames
- Adapting floor panels
- Cutting close to edges

-
- Cutting in corners and difficult-to-access areas

What's Included

- 1 x Bosch ACZ 85 EB BIM Starlock segment saw blade
