Starlock ACZ 85 RT3 Carbide-RIFF Segment Saw Blade

Short Description

Bosch Starlock ACZ 85 RT3 Carbide-RIFF segment saw blade for removing tile grout and working in porous concrete, epoxy, glass fibre and reinforced plastics.

Technical Specifications

Brand	Bosch
Model	ACZ 85 RT3
Mfr part no.	2 609 256 952
SKU	815476
Type	Carbide-RIFF segment saw blade for oscillating multitools
Disc Size	85 mm
Material	Carbide-RIFF
Mounting	Starlock
Compatibility	Standard oscillating multitools from most brands
EAN	3165140523363
Package Contents	1 piece
Dimensions	85 mm diameter

Description

The Starlock mounting system is designed for high power transfer and compatibility with standard oscillating multitools from most brands.

Key Features

- Carbide-RIFF abrasive grit for aggressive material removal
- Starlock mounting system for high power transfer
- Compatible with standard oscillating multitools from most brands
- Suitable for porous concrete applications

Applications

- Removing grout between wall and floor tiles
- Routing grooves and recesses in porous concrete
- Making small cutouts in soft wall tiles
- Making small cutouts in epoxy material
- Working in glass fibre and reinforced plastics

What's Included

- 1 x Bosch Starlock ACZ 85 RT3 Carbide-RIFF segment saw blade
