Always use personal safety equipment at work.

Key Technical Specifications

Lock	no
Brand	Yato
Length	705 mm
Symbol	YT-8833
Blade type	rounded
Blade finish	upper PTFE coated
Producer code	5906083988332
Blade material	carbon steel #1050
Handle Material	steel, TPR
Max. cutting diameter	35 mm

Key Points

- length: 75cm
- profile handle
- sharpened blade made of high-carbon SK5 steel provides high resistance to cracking and chipping, as well as to abrasion
- the surface of the blade coated with a layer of polytetrafluoroethylene (PTFE) increases comfort

-
- maximum cutting diameter of 35mm
 - equipped with an anti-shock "cushion" to increase cutting comfort.
 - hangs on handles
