

Yato | Code YT-30328 | Sku 1030328

SPRIT LEVEL FOR ELECTRICTIANS 450MM

Overview

Precision and functionality in one The YT-30328 level for electricians is a professional tool that provides unparalleled precision in every measurement. It is ideal for quick leveling and marking. Maximum precision in your work Quick and precise measurement Efficient surface leveling Possibility of transferring and marking distances Four marking sliders on the measuring scale High accuracy of spirit levels (0.5 mm/m) Durable construction of aluminum and ABS Indispensable for electrical work Two reliable bubble levels for leveling Precise measurement Two bubble levels Solid construction Professional applications Length 45 cm Technical data: Total length: 450 mm Material: aluminum and ABS Number of bubble levels: 2 spirit levels Level accuracy: 0.5 mm/m = 0.027 Functionality: leveling, transferring and marking distances Application: specially designed for electricians

Key Technical Specifications

Brand	Yato
Vials	2
Length	450 mm
Symbol	YT-30328
Material	ABS, aluminum
Application	spirit level with portability and distance marking by means of four marking slides on the measuring scale
Producer code	5906083119453
Spirit level accuracy	0.5 mm/m = 0.027

Key Points

- Quick and precise measurement
- Efficient surface leveling
- Possibility of transferring and marking distances

-
- Four marking sliders on the measuring scale
 - High accuracy of spirit levels (0.5 mm/m)
 - Durable construction of aluminum and ABS
 - Indispensable for electrical work
 - Two reliable bubble levels for leveling
 - Total length: 450 mm
 - Material: aluminum and ABS
 - Number of bubble levels: 2 spirit levels
 - Level accuracy: 0.5 mm/m = 0.027
 - Functionality: leveling, transferring and marking distances
 - Application: specially designed for electricians
