TECHNICAL MARKERS SET 4 PCS / BLACK-GREEN-RED-BLUE

Overview

Technical markers designed for precise and clear marking on a wide range of surfaces. They ensure the durability of markings and resistance to dirt even in challenging conditions. The markers allow writing on dusty and slightly oily surfaces, making them a practical tool for daily workshop, construction, and installation work. Technical Data: set of 4 pieces colors: black, green, blue, and red marker dimensions: 13.5 x 2 x 1.3 cm body and cap made of PP plastic intense and durable alcohol-based ink, non-toxic short drying time reduces smudging during marking acrylic tip resistant to clogging, maintains sharpness, does not retract, and does not deform under pressure do not dry out quickly after removing the cap provide consistent line quality integrated clip for easy transport and storage Applications: glass metal ceramics wood and plywood rubber concrete PVC OSB boards and other building materials WATCH VIDEO

Key Technical Specifications

Pcs	4
Type	technical
Brand	Yato
Color	blue, red, green, black
Symbol	YT-69304
Application	glass, metal, ceramics, wood, rubber, concrete, PVC
Producer code	5906083123955

Key Points

- set of 4 pieces
- colors: black, green, blue, and red
- marker dimensions: 13.5 x 2 x 1.3 cm
- body and cap made of PP plastic

-
- intense and durable alcohol-based ink, non-toxic
 - short drying time reduces smudging during marking
 - acrylic tip resistant to clogging, maintains sharpness, does not retract, and does not deform under pressure
 - do not dry out quickly after removing the cap
 - provide consistent line quality
 - integrated clip for easy transport and storage
 - glass
 - metal
 - ceramics
 - wood and plywood
 - rubber
 - concrete
 - PVC
 - OSB boards and other building materials
