SHORT BURNISHING MACHINE 1300W

Overview

Burnishing machine with a short body designed for sanding wooden or metal surfaces. It works well for cleaning surfaces from varnish, paint, rust or for smoothing surfaces without damaging the material. The central position of the roller in the machine axis results in symmetrical pressure and even coating removal. The motor and gearbox are resistant to the loads caused by pressing the shaft against the workpiece. Recommended for cleaning: decking boards floorboards surfaces of boat hulls from rust bitumen before welding of car chassis structures Technical specifications: power: 1300 W electronic speed control from 1100-3500 rpm slow start function - soft start low speed back-up system Speed stabilisation brush diameter: 120mm Brush width: 100mm brush attachment diameter: 19mm quick-change brush system electrical insulation class: II protection rating: IPX0 weight: 3.8kg 3 m power cord Included: auxiliary handle, fleece brush

Key Technical Specifications

Brand	Yato
Power	1300 W
Symbol	YT-81956
Weight	3.8 kg
Voltage	230-240 V a.c.
Frequency	50 Hz
Rotations	1100-3500 min ⁻¹
Soft start	yes
Vibrations	2.13 ± 1.5 / 2.89 ± 1.5 m/s ²
Application	for processing wooden or metal surfaces, for cleaning surfaces from paint coatings, for smoothing the surface
Brush width	100 mm
Wire length	3 m

Set includes	satin finisher, additional handle, fleece brush
Producer code	5906083107375
Acoustic power	91.4 ± 3.0 dB(A)
Brush diameter	120 mm
Compatible with	YT-81954, YT-81955, YT-81957, YT-81958
Protection grade	IPX0
Acoustic pressure	99.4 ± 3.0 dB(A)
Brush assembly diameter	19 mm
Electric insulation class	II
Speed stabilization	yes
Electronic rotation adjustment	yes

Key Points

- decking boards
- floorboards
- surfaces of boat hulls from rust
- bitumen before welding of car chassis structures
- power: 1300 W
- electronic speed control from 1100-3500 rpm
- slow start function - soft start
- low speed back-up system
- Speed stabilisation
- brush diameter: 120mm
- Brush width: 100mm
- brush attachment diameter: 19mm
- quick-change brush system
- electrical insulation class: II
- protection rating: IPX0
- weight: 3.8kg
- 3 m power cord
- Included: auxiliary handle, fleece brush
