

Yato | Code YT-4937 | Sku 104937

DOUBLE SOCKET RATCHET HANDLE 19X22 MM

Overview

Precision and User Comfort Discover reliability and efficiency with the YT-4937 socket wrench. Its double-sided design with a ratchet significantly speeds up any service task. Durability and Functionality Made of chromium-vanadium steel (CrV), ensuring high durability and resistance to deformation. Cold forging technology provides unparalleled strength against loads and mechanical damage. Double-sided head with sizes 19x22 mm for versatile use with popular screw sizes. 32-tooth ratchet allows for precise and quick work, even in confined spaces. Ideal for service applications, ensuring efficiency and user comfort. Hexagonal profile of the wrench guarantees a secure grip and minimizes the risk of rounding screw edges. Chromed and satin finish provides an aesthetic appearance and effective corrosion protection. Technical Data: Socket Size: 19x22 mm, Total Length: 315 mm, Material: CrV steel (chromium-vanadium), Number of Ratchet Teeth: 32, Surface Finish: Chromed and Satin, Production Technology: Cold Forging, Direction Switch: None.

Key Technical Specifications

Size	19x22 mm
Brand	Yato
Length	315 mm
Symbol	YT-4937
Ratchet	yes
Material	CrV
Application	service
Head coating	satin
Producer code	5906083949371
Finish	chrome plated, satin
Number of teeth	32
Rotation switch	no

Ring wrench type	dodecagonal
Technology process	cold forged

Key Points

- Made of chromium-vanadium steel (CrV), ensuring high durability and resistance to deformation
- Cold forging technology provides unparalleled strength against loads and mechanical damage
- Double-sided head with sizes 19x22 mm for versatile use with popular screw sizes
- 32-tooth ratchet allows for precise and quick work, even in confined spaces
- Ideal for service applications, ensuring efficiency and user comfort
- Hexagonal profile of the wrench guarantees a secure grip and minimizes the risk of rounding screw edges
- Chromed and satin finish provides an aesthetic appearance and effective corrosion protection
- Socket Size: 19x22 mm
- Total Length: 315 mm
- Material: CrV steel (chromium-vanadium)
- Number of Ratchet Teeth: 32
- Surface Finish: Chromed and Satin
- Production Technology: Cold Forging
- Direction Switch: None
