IMPACT BIT SET 39PCS

Overview

IMPACT BIT SET 39PCS YT-78076 — a set of impact bits from the Yato GRD series. The set includes Phillips, Torx, square and flat bits with a 1/4" (6.3 mm) hexagonal toolholder. The bits are made of S2 steel with a phosphated finish and a hardness of 58-60 HRC, while the adapters are made of CrV and stainless steel.
