Brushless Impact Wrench 18V, 1/2", 1200Nm - Body

Overview

Brushless impact wrench powered by the YATO 18V battery platform. Thanks to its compact size and torque of 1200 Nm, it will work well both in a car workshop and on a construction site. Its low weight allows for comfortable work with the wrench held above the head. Comes with a 1/2 to 1/4 inch adapter. Body version - without battery and charger.
